

Track no 31 Open Track

This open track at the conference is set up to make it possible for people to present papers on topics that do not easily fall into the specific subjects of other tracks. If a larger number of papers are submitted to this open track, there is the possibility of organizing sessions dealing with different themes.

Track organisers

Runolfur Smari Steinthorsson, University of Iceland (rsmari@hi.is)

Margret Sigrun Sigurdardottir, University of Iceland (mss@hi.is)
